

INSPIRE RANGE

A BREATHTAKING ADDITION TO ANY SPACE

Be inspired by the new Inspire gas log fire range that will enhance the feel of your room, bringing warmth and comfort. With all the features you would expect from a gas log fire, it delivers a stunning flame pattern in 3 different sizes.

The versatile power flue technology enables installations in variety of applications and also includes driftwood & coal media, the pebble media available for natural gas models only.

3 size options - 700, 900 & 1100

Double glazed space heater

NG and LPG option

Power balanced flue

Full remote control function

Up to 4.6 star efficiency
